

ControllerBase

ControllerBase

VehicleInsuranceAPI.Controllers.BillController

```
classDiagram
    class ControllerBase
    class VehicleInsuranceAPI_Controllers_BillController["VehicleInsuranceAPI.Controllers.BillController"]
    VehicleInsuranceAPI_Controllers_BillController --|> ControllerBase
```

The diagram illustrates a class hierarchy. At the top, there are two boxes, both labeled 'ControllerBase'. Below them, centered, is a box labeled 'VehicleInsuranceAPI.Controllers.BillController'. A horizontal line with upward-pointing arrows at both ends connects the two 'ControllerBase' boxes. A vertical line descends from the center of this horizontal line to the top of the 'VehicleInsuranceAPI.Controllers.BillController' box, indicating that this class inherits from the 'ControllerBase' class.
